BLUE LINE INDUSTRIES

Founded in 2010, Blue Line Industries, LLC is the go-to company for Law Enforcement & Military Apparel and equipment in the civilian Law Enforcement sector, Contract Security, and Private Investigations. Blue Line Industries is not a broker company but a factory direct dealer to each product that we sell and has extensive Technical and Application experience in each piece of equipment. Our team services four product service lines (PSLS) in the following divisions:

- Government Contracting and Procurements
- Contract Security / Public Safety
- Contract Investigation Services
- Police, Military, Firearms and Tactical Equipment Sales

CORE COMPETENCIES

- Quality Assurance
- Customer Orientation
- Development/Design
- Planning & Organization
- Communication
- Supply Chain
- Innovation
- Teamwork

DIFFERENTIATORS

- There are many advantages of buying from a factory direct dealer, including:
 - Warranties, replacements, and repairs are available
 - We only sell brand-new from the factory products and never mix refurbished or counterfeit items to lower our bids.
 - Each shipment is insured from us to you and we put every product we ship thru a 3-point quality control check before it ever leaves our facility.
- We never buy outside of our Manufactures, no matter how low we can get a product for. Doing so would mean that we could not be 100% sure what we are providing our customers is not used, refurbished or counterfeit. And we will not take that chance with our customers.
- Blue Line Industries' CEO is a proud veteran and former LEO.
 - U.S. Army 1995-1999
 - U.S. Navy 1999-2003
 - Leo 2007-2014

OUR VALUES

Our Values are set in stone not only in our company but also in our employees. The foundation for how we relate to every client with whom we interact and a track record to deliver a client experience second to none as a globally competitive, creative, and ethical company thru our leadership.
